

ELEVATOR STACKING

SUMMARY

Small groups of kids cooperate in stacking cups to defeat their opponents

SUPPLIES

- 9 red cups for the red team
- 9 blue cups for the blue team
- 2 yellow cups (or any color other than red or blue)
- 3-5 Kids per team

SET UP

- Pick 3-5 kids for each team.
- Set up 9 cups in front of each team and the one yellow cup on the top of the stack.

GAMEPLAY

1. When the music starts, the first child in line takes the top cup, (the yellow cup) - from the top and place it on the ground (or table) by itself.
2. The same child will then take the rest of their cups, all 9 at once, and place them on top of the ONE different colored cup. The cup should now be on the bottom of the stack instead of the top.
3. This child will then step to the back of the line and the next person in line will do the same thing with the stack of cups, - remove the top cup, set it down, take the rest of the stack and set it on top of the removed cup.
4. The yellow cup will start to move slowly back to the top of the stack if it is done right.
5. The first team to get the ONE different colored cup back up to the top of their stack wins the round.
